

Welcome

We understand that the decision to place a family member in a nursing and rehabilitation center is one of life's most difficult and emotional challenges. When it becomes apparent that placement is the best answer for all concerned, Briarwood Nursing and Rehabilitation offers a comforting solution... nursing care that combines a standard of excellence with a traditional sense of caring.

At Briarwood Nursing and Rehab the pleasures of everyday life are not lost to routine. Our pleasant decor, friendly atmosphere and clean environment are designed to encourage social interaction and a real sense of community.

Whether you are on a Fast Track to recovery or need a place you can call home, Briarwood Nursing and Rehabilitation has a place for you.

Rehabilitation

The most important thing you can do for yourself after a hospital stay is take enough time to fully recover from your illness or surgery. Briarwood Nursing & Rehabilitation Center offers Occupational, Physical, and Speech Therapy 7 days a week. In addition, the use of Accelerated Care Plus (ACP) modalities targeting pain management, Osteo-Arthritis and other diagnoses to further assist the patient with marked improvement.

Our experienced rehabilitation team is committed to providing outstanding results and excellent quality of care. Patients are empowered through individualized programs to reach goals of increased independence and ability. Patient families are also encouraged to participate in therapy sessions, caregiver education and training.

Additionally, we offer Restorative Nursing Programs 7 days a week to further assist patients after completion of their course of therapy.
